We are pleased to introduce some of Australia's most technically advanced flooring adhesive products,

“Green Solutions Flooring Products”.

Green Solutions adhesives are a family of technically advanced products which are solvent free, very low odour and anti microbial formulations. In addition they are The Green Building Council “Green Star” compliant, and Good Environmental Choice Australia (GECA) licensed. These two organisations are setting the environmental bench marks in the building and construction industry, which means the entire range of **Green Solutions** adhesives can be specified for use in all Green Star rated buildings and will comply with the standards.

The **Green Solutions Flooring Adhesives** product range is a family of adhesives manufactured to the highest performance standards and suitable for most flooring installations such as:

- Carpet and Carpet Tiles: Direct Stick and Double Bond; and
- Vinyl Sheet and Vinyl Tiles: Walls and Floor.

Green Solutions Adhesives - Contributing to a healthier work place environment with the most user friendly adhesive available.
